

HOLE 1 PAR 4

TEE	YARDS	HANDICAP
Blue (Mens)	287	17
Blue/White (Mens)	287	17
White (Mens)	261	17
White (Womens)	261	15
White/Black (Mens)	261	15
Black (Mens)	251	13
Black (Womens)	251	13
Red (Mens)	195	17
Red (Womens)	195	17
Red/Green (Womens)	195	15
Green (Mens)	188	13
Green (Womens)	188	13

Although short and straight, the first hole requires a tee shot to the fairway between OB on the left and a water hazard on the right. A good drive allows a short iron into a very small undulating green.

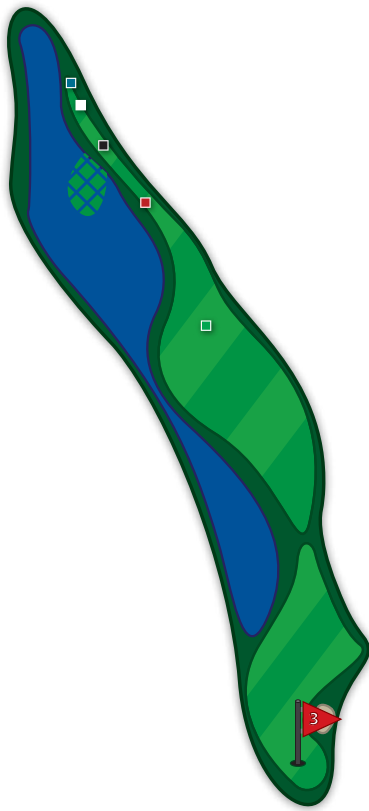

HOLE 2 PAR 5

TEE	YARDS	HANDICAP
Blue (Mens)	546	3
Blue/White (Mens)	448	9
White (Mens)	448	5
White (Womens)	448	5
White/Black (Mens)	448	1
Black (Mens)	415	5
Black (Womens)	415	5
Red (Mens)	406	5
Red (Womens)	406	5
Red/Green (Womens)	309	3
Green (Mens)	309	9
Green (Womens)	309	9

From the blue tees, this long par 5 requires a straight and long drive followed by a long fairway wood. A narrow fairway dictates a mid to long iron into the green. From the white, black and red tees, the driver may not be required, but the tee shot still must find a narrow fairway. Water follows the left side of the fairway the length of the hole. A par is a really good score.

HOLE 3 PAR 4

TEE	YARDS	HANDICAP
Blue (Mens)	374	5
Blue/White (Mens)	374	3
White (Mens)	362	3
White (Womens)	362	1
White/Black (Mens)	320	3
Black (Mens)	320	1
Black (Womens)	320	1
Red (Mens)	314	1
Red (Womens)	314	1
Red/Green (Womens)	314	1
Green (Mens)	230	5
Green (Womens)	230	1

The number 1 handicap hole requires two well struck shots into a prevailing wind. The fairway narrows to about 20 yards at the 100 yard marker, making getting close to the pin a hard task. The green slopes to the rear.

HOLE 4 PAR 4

TEE	YARDS	HANDICAP
Blue (Mens)	365	1
Blue/White (Mens)	354	1
White (Mens)	354	1
White (Womens)	354	4
White/Black (Mens)	302	5
Black (Mens)	302	3
Black (Womens)	302	3
Red (Mens)	292	3
Red (Womens)	292	3
Red/Green (Womens)	213	9
Green (Mens)	213	7
Green (Womens)	213	7

This beautiful dog-leg left hole requires a long drive, a mid to long iron or fairway wood to the green is still required. A water hazard along the length of the hole on the left catches any errant shots.

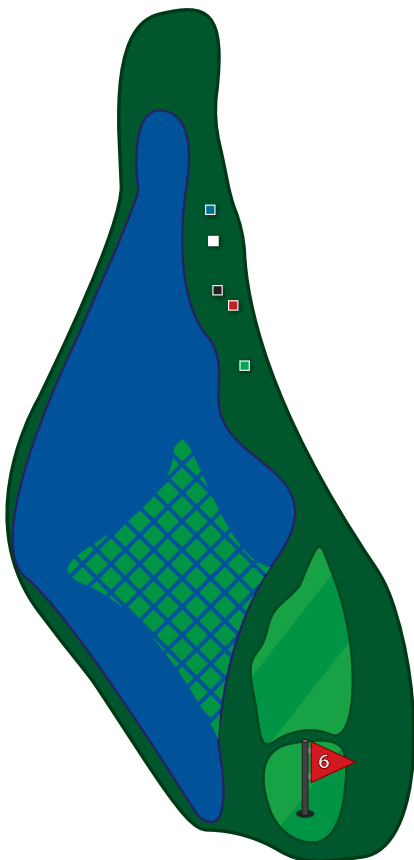

HOLE 5 PAR 4

TEE	YARDS	HANDICAP
Blue (Mens)	331	9
Blue/White (Mens)	331	5
White (Mens)	273	13
White (Womens)	273	11
White/Black (Mens)	273	7
Black (Mens)	218	17
Black (Womens)	218	11
Red (Mens)	206	13
Red (Womens)	206	15
Red/Green (Womens)	206	11
Green (Mens)	149	15
Green (Womens)	149	17

The drive is across a water hazard to a generous landing area with water on the left and OB on the right side. Once the drive is negotiated, a short iron to a narrow deep green brings a well deserved chance for a birdie or par.

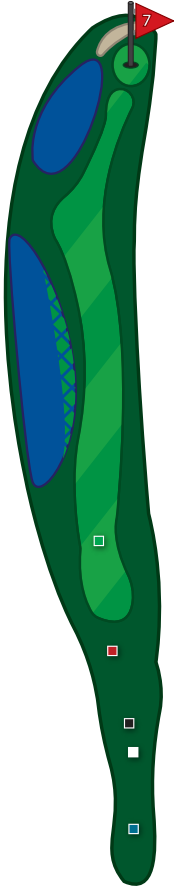

HOLE 6 PAR 3

TEE	YARDS	HANDICAP
Blue (Mens)	173	11
Blue/White (Mens)	159	11
White (Mens)	159	7
White (Womens)	159	13
White/Black (Mens)	117	13
Black (Mens)	117	9
Black (Womens)	117	15
Red (Mens)	116	7
Red (Womens)	116	9
Red/Green (Womens)	116	3
Green (Mens)	111	1
Green (Womens)	111	3

This straight-away par three, with an OB on the left and a water hazard on the right (no bail out area here). No tricks, it's all visible from the tee...

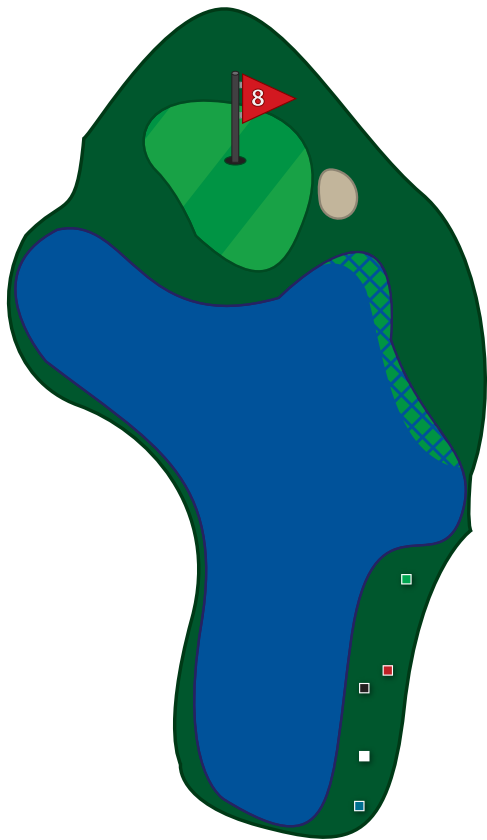

HOLE 7 PAR 5

TEE	YARDS	HANDICAP
Blue (Mens)	511	7
Blue/White (Mens)	457	13
White (Mens)	457	9
White (Womens)	457	7
White/Black (Mens)	386	17
Black (Mens)	386	15
Black (Womens)	386	9
Red (Mens)	380	11
Red (Womens)	380	7
Red/Green (Womens)	279	17
Green (Mens)	279	17
Green (Womens)	279	15

Avoid the left on this hole. After a long drive into a fairly generous fairway, the second shot is into a narrow opening and is the key to playing this hole. With water on the left and tall trees masking the right side of the fairway, a good fairway wood shot sets up a short iron to a large green for a par.

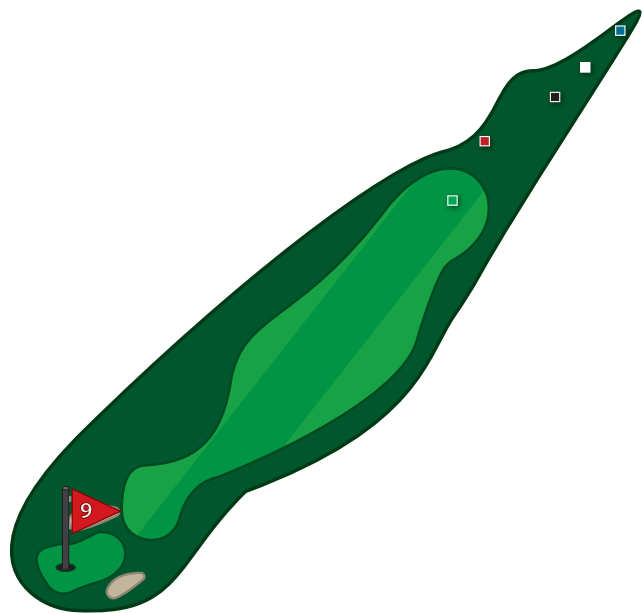

HOLE 8 PAR 3

TEE	YARDS	HANDICAP
Blue (Mens)	134	15
Blue/White (Mens)	134	15
White (Mens)	117	15
White (Womens)	117	17
White/Black (Mens)	117	9
Black (Mens)	99	11
Black (Womens)	99	17
Red (Mens)	90	9
Red (Womens)	90	13
Red/Green (Womens)	90	7
Green (Mens)	88	3
Green (Womens)	88	5

Although the tee shot is only 135 yards long, landing five yards short of the green finds a water hazard. Hit a good solid shot to make par. A big plus for this hole is watching the eagles that survey the scene from the tall pines next to the tee.

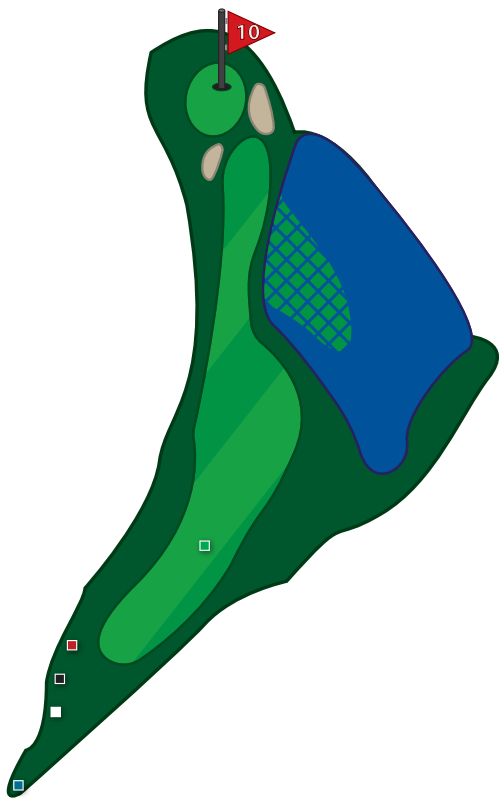

HOLE 9 PAR 4

TEE	YARDS	HANDICAP
Blue (Mens)	335	13
Blue/White (Mens)	335	7
White (Mens)	315	11
White (Womens)	315	9
White/Black (Mens)	273	11
Black (Mens)	273	7
Black (Womens)	273	7
Red (Mens)	227	15
Red (Womens)	227	11
Red/Green (Womens)	227	5
Green (Mens)	192	11
Green (Womens)	192	11

This is one of the few holes with a large driving area. Let out the shaft and have a short iron to a narrow and deep green catches an errant second shot.

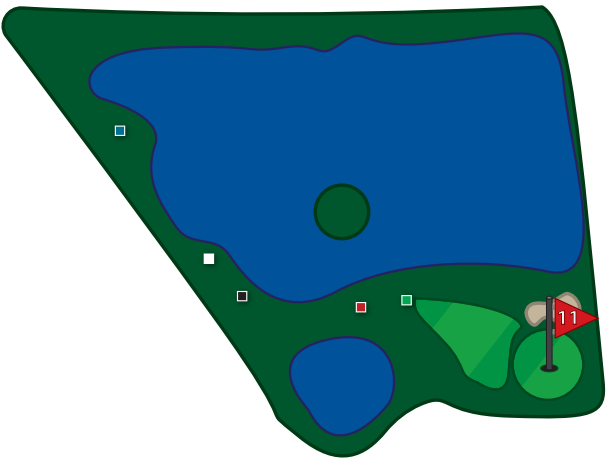

HOLE 10 PAR 4

TEE	YARDS	HANDICAP
Blue (Mens)	373	6
Blue/White (Mens)	335	6
White (Mens)	335	2
White (Womens)	335	4
White/Black (Mens)	288	2
Black (Mens)	288	2
Black (Womens)	288	4
Red (Mens)	276	2
Red (Womens)	276	4
Red/Green (Womens)	171	16
Green (Mens)	171	14
Green (Womens)	171	16

The hole is a dog-leg left. A big drive around a stand of palms to an undulating fairway allows a long iron to a green guarded by a sand trap in front. Hit two good shots for a par.

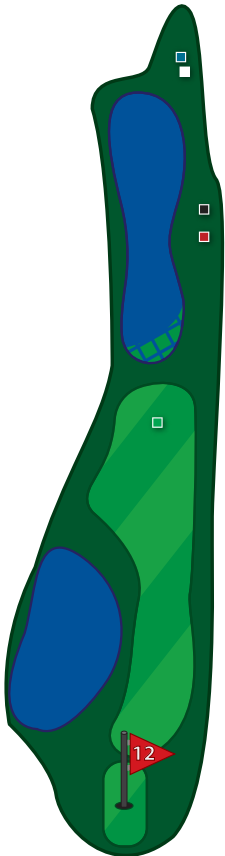

HOLE 11 PAR 3

TEE	YARDS	HANDICAP
Blue (Mens)	184	8
Blue/White (Mens)	184	4
White (Mens)	124	18
White (Womens)	124	18
White/Black (Mens)	124	14
Black (Mens)	114	8
Black (Womens)	114	18
Red (Mens)	70	12
Red (Womens)	70	18
Red/Green (Womens)	70	14
Green (Mens)	66	6
Green (Womens)	66	10

This is a mid-length par three over water with sand guarding the left side. The white, black, and red tees reduce the distance of the drive to a short iron shot. With a good solid shot, a par is possible. If you miss your drive, you can always try fishing in the well stocked fishing pond.

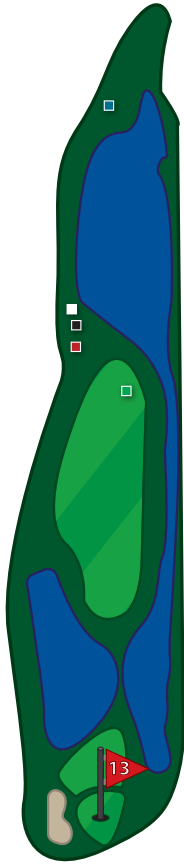

HOLE 12 PAR 4

TEE	YARDS	HANDICAP
Blue (Mens)	284	16
Blue/White (Mens)	276	14
White (Mens)	276	8
White (Womens)	276	6
White/Black (Mens)	276	4
Black (Mens)	211	18
Black (Womens)	211	16
Red (Mens)	204	18
Red (Womens)	204	16
Red/Green (Womens)	204	12
Green (Mens)	141	16
Green (Womens)	141	14

This straight hole is the epitome of the placement requirement of the IRCC Golf Course. Most people hit fairway woods or long irons from the tee due to the narrow landing area. An errant drive to 190 yards may be in the hazard. From the fairway, a short iron to a narrow and deep green leaves two good putts for par.

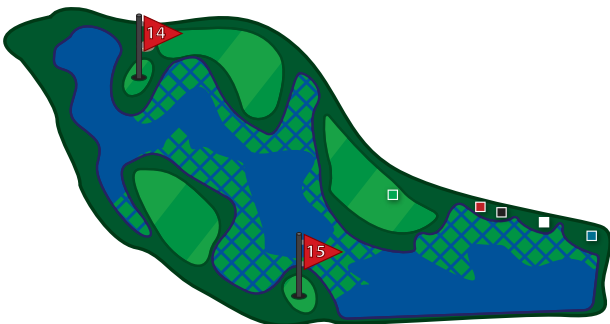

HOLE 13 PAR 4

TEE	YARDS	HANDICAP
Blue (Mens)	363	4
Blue/White (Mens)	363	2
White (Mens)	255	10
White (Womens)	255	14
White/Black (Mens)	255	6
Black (Mens)	249	10
Black (Womens)	249	6
Red (Mens)	240	10
Red (Womens)	240	6
Red/Green (Womens)	240	2
Green (Mens)	200	8
Green (Womens)	200	8

This is a relatively long par that requires a good drive and a long second shot to a large tilted green. Since the second shot is entirely over water, length off the tee does help on this hole.

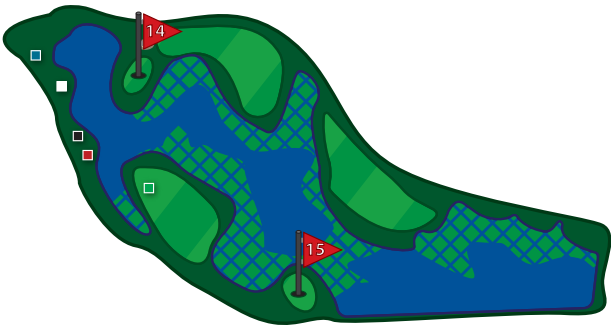

HOLE 14 PAR 5

TEE	YARDS	HANDICAP
Blue (Mens)	501	2
Blue/White (Mens)	456	12
White (Mens)	456	6
White (Womens)	456	2
White/Black (Mens)	398	8
Black (Mens)	398	4
Black (Womens)	398	2
Red (Mens)	392	4
Red (Womens)	392	2
Red/Green (Womens)	337	8
Green (Mens)	337	4
Green (Womens)	337	2

A double dog-leg with two landing areas give this hole its character. A drive over water into the fairway is followed by a fairway wood over water to a small landing area. Not surprisingly, the third shot, a short to medium iron, is also over water to a large undulating green. There is no margin for error on this terrifying and wonderful par five.

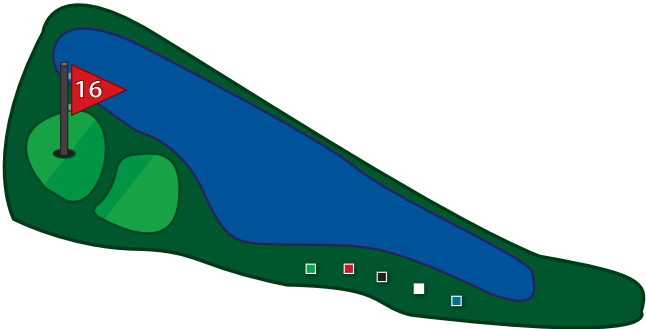

HOLE 15 PAR 4

TEE	YARDS	HANDICAP
Blue (Mens)	349	10
Blue/White (Mens)	301	10
White (Mens)	301	4
White (Womens)	301	8
White/Black (Mens)	244	18
Black (Mens)	244	14
Black (Womens)	244	10
Red (Mens)	238	8
Red (Womens)	238	8
Red/Green (Womens)	238	4
Green (Mens)	173	12
Green (Womens)	173	12

A drive to a large and wide landing area sets up a second shot with a mid to long iron (or fairway wood) to a green surrounded on three sides by water. A minor error on either shot means a ball in the hazard.

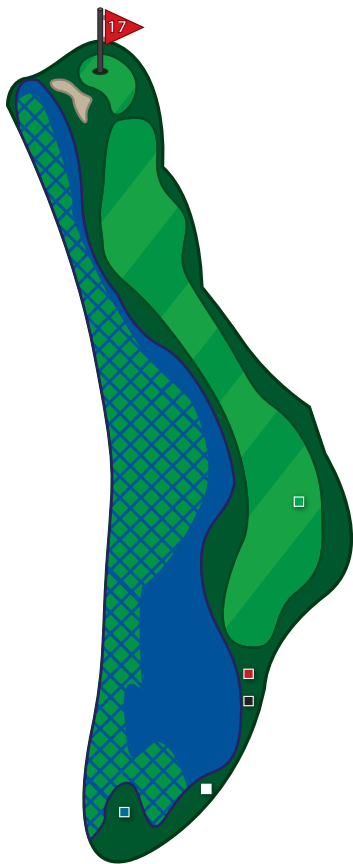

HOLE 16 PAR 3

TEE	YARDS	HANDICAP
Blue (Mens)	138	18
Blue/White (Mens)	138	16
White (Mens)	132	12
White (Womens)	132	16
White/Black (Mens)	132	10
Black (Mens)	122	6
Black (Womens)	122	12
Red (Mens)	108	6
Red (Womens)	108	14
Red/Green (Womens)	108	10
Green (Mens)	105	2
Green (Womens)	105	4

This short and straight par three allows some respite from a pressurized round. A large green catches most of the drives. This is the number 18 handicap hole. Take advantage of it.

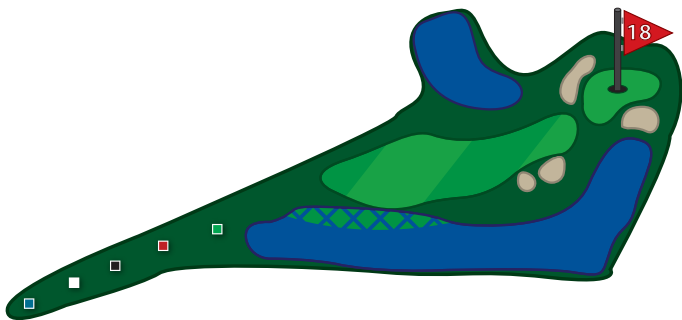

HOLE 17 PAR 5

TEE	YARDS	HANDICAP
Blue (Mens)	467	14
Blue/White (Mens)	467	8
White (Mens)	436	16
White (Womens)	436	10
White/Black (Mens)	436	12
Black (Mens)	374	16
Black (Womens)	374	14
Red (Mens)	367	16
Red (Womens)	367	12
Red/Green (Womens)	276	18
Green (Mens)	276	18
Green (Womens)	276	18

This is a shap dog-leg left, medium length par five. The drive is over water and there is water down the entire left side of the fairway. A second shot to a narrow landing area results in a short approach shot to a curved three-tiered green.

HOLE 18 PAR 4

TEE	YARDS	HANDICAP
Blue (Mens)	316	12
Blue/White (Mens)	283	18
White (Mens)	283	14
White (Womens)	283	12
White/Black (Mens)	255	16
Black (Mens)	255	12
Black (Womens)	255	8
Red (Mens)	236	14
Red (Womens)	236	10
Red/Green (Womens)	236	6
Green (Mens)	216	10
Green (Womens)	216	6

This is a fairly short par four that requires a very precise drive to land on the short grass with water on the right and OB on the left. Once the drive is negotiated, a short iron must be hit to a deep green with sand in front and water on the right. A par here brings a smile of satisfaction and motivation to try the course again.
